THE FIRST AGE OF  
DARKNESS

Early in the reign of  
Lord British there came  
unto the land of  
Britannia a powerful  
wizard named Mondain. He  
brang forth many  
creatures of great evil,  
using the power of his  
magic to control them.  
And there was great  
suffering throughout the  
land. It was in these days  
that the Avatar first  
came unto our realm, to  
vanquish Mondain and  
liberate our people.
